Other activities and qualifications:

I am running for VP-WTCS because I feel that my background & professional experience, skills, and vision will be assets to our state union federation in the next biennium, a period that will be pivotal in history.

Growing up I have benefited from the "common good" (AFDC, Pell, etc.). As the product of Wisconsin's K-12 and UW Systems (A.S.- PhD), I know the power of affordable, high-quality education. With lived experiences from Rice Lake to Milwaukee, rural to urban, I have experienced the challenges and seen that there is more that unites than divides us.

I have dedicated my 25+-year Higher Ed teaching career to paying it forward to the State's next generations. Whether fighting to protect & grow our public-school systems, championing respect for educators and their contributions, or building networks for change, I've stood up for students and those who educate them.

Starting at Carroll University and culminating with my election as President of Local 212 at MATC, I have almost two decades of experience and a proven track record of union organizing, leadership, coalition building and activism at the local, state, regional and national levels. Whether winning a new bargaining unit, serving on the AFT's CTE Committee, participating on multi-union coalitions, speaking at state budget hearings, protesting on campuses or in the streets with community partners, or serving on the AFTW Executive Board, I act for the common good. I fight for people, not power. I ask for your support for another term as your WTCS representative VP so that I can represent your interests and keep technical education front-and-center in state and national decision-making and so that together AFT-W can build upon growth demonstrated these past two years in membership, service, activism, and political influence.

Together we can do great things!
